Kasi Yedumati · Full Stack Training

Ticket: Messy Desktop → Clean Workspace

Customer: Your future self (and Git)
Need: Create the standard course folders; prove with a directory listing.

Teaching-order: No Java required. Terminal + folders only.

Starter checklist

Follow `starter/CHECKLIST.md`.

Broken

`broken/BAD_HABITS.md` lists habits to avoid.

Done when

- [] `ksr_java_fullstack/` has `notes/`, `projects/`, `labs/`
- [] `notes/day1.txt` (or `.md`) has a `pwd` + listing paste
